# BEYOND BRICK

Established in the UK for over 25 years, we are a leading manufacturer and supplier of brick for architects, developers and self-builders. But for us, that's only the start.

## INSPIRE

Reflecting the vision of architects, developers and builders, we go beyond choice alone. We provide the right answers for your project.

## MAKE

We're a manufacturer of bricks. One of the best, and proud of it. We stick to what we're best at, and do it with excellence.

## DIRECT

As one source of supply, we bring time and cost-efficiency. With one point of contact, we deliver with accuracy, precision and certainty.

## EXPERTS

Knowledge, authority and expertise is in our DNA. We don't just make and supply bricks, we understand bricks and what they mean.

## SERVICE

It's all about the client experience. That means providing value, being reliable, sharing knowledge to ensure every project is successful.

## INVESTED

We are stable, dependable and established. We have the authenticity of a rich heritage. The confidence of investment in state of the art technology. The reliability of solid future-proofing powered by Rijswaard Baksteen.

# ARCHES

**Being so much more than a brick manufacturer, we produce a range of pre-fabricated structural and non-structural arches.**

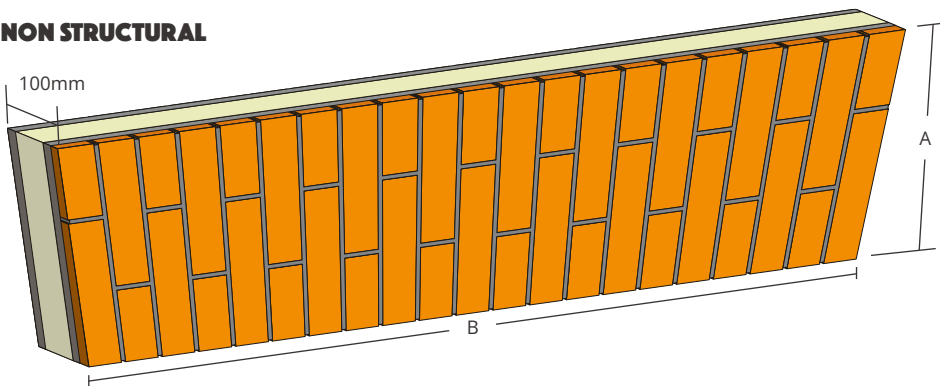

Each arch is designed to increase site efficiency and remove the need for intricate and slow brick work on site.

To answer every need, we provide a full design service backed by skilled and experienced joiners. It means you can be assured of the right arch regardless of size and complexity.

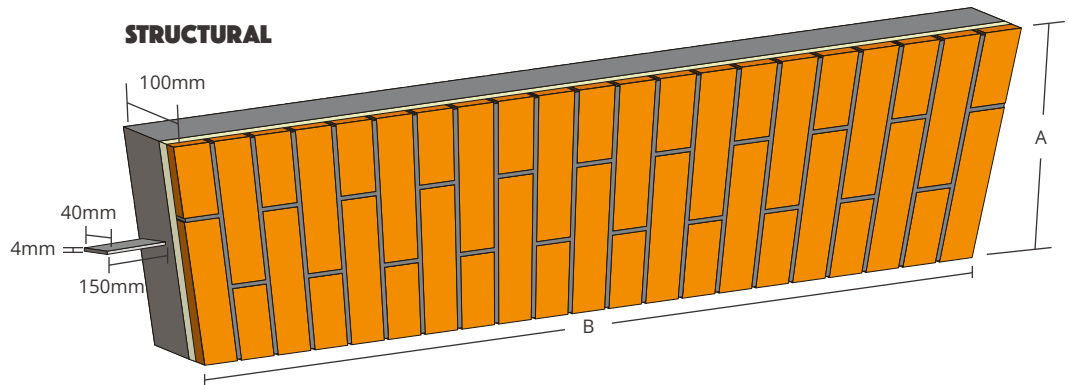

# FLAT GAUGE ARCH

Flat gauge arches are suitable for all kinds of openings. These arches usually have a brick and bat pattern between 3 and 5 courses high.

## NON STRUCTURAL

## STRUCTURAL

A	B	Backing Material
215	As Required	BBA Approved Panelite
290	As Required	BBA Approved Panelite
365	As Required	BBA Approved Panelite
215	As Required	Structural Concrete
290	As Required	Structural Concrete
365	As Required	Structural Concrete

\*The Panelite Panel is BBA approved for use with a suitable structural lintel.

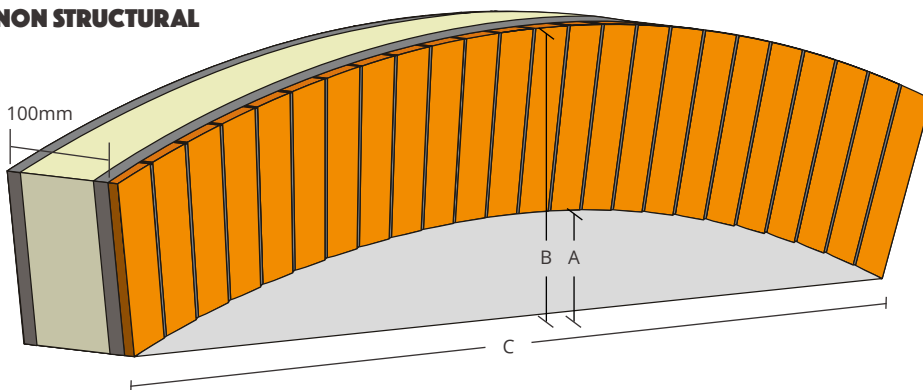

All arches are supplied without a pointed finish, site pointing should be allowed to ensure an effective colour match.

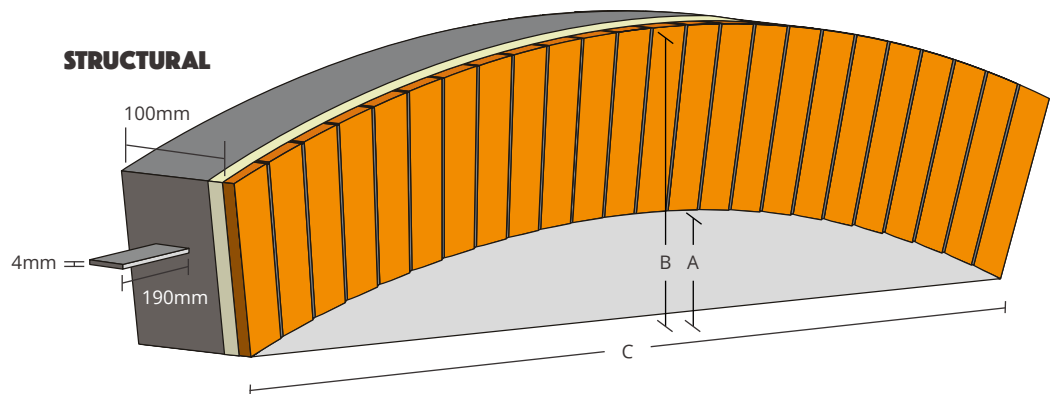

# SEGMENTAL ARCH

Segmental arches consist of a number of identical slightly angled bricks which form the shape of the arch when assembled. These arches typically have a rise of 75 or 150mm (1 or 2 courses).

## NON STRUCTURAL

## STRUCTURAL

A	B	C	Backing Material
75	290	As required	BBA Approved Panelite
150	365	As required	BBA Approved Panelite
75	290	As required	BBA Approved Panelite
150	365	As required	Structural Concrete

\*The Panelite Panel is BBA approved for use with a suitable structural lintel.

All arches are supplied without a pointed finish, site pointing should be allowed to ensure an effective colour match.
